二外初级二班

My name is Yang Xu, I have been in Lexington for three years. My family came to America in 2009. I have a caring husband and a lovely 19-year-old daughter. I am glad to meet everyone here. In China, I was a Chinese teacher for almost twenty years in a primary school and a technical school.

I have been with Lexington Chinese School for two year and half as a sub teacher and a teacher. I love those students. The part time job gives me more happiness. It is gratifying to teach Chinese and share Chinese Culture. The two hours I spend at the Chinese School are the most rewarding part of my week, it is really a worthwhile commitment. This semester I am excited to keep teaching Chinese. I appreciate the opportunity to teach CSL Primary-2 Class.

Spending time with my daughter and enjoying the time with my family seem to be my biggest hobby nowadays. In my free time, I have a passion for learning English and reading Bible.
