“Teaching More Than Just a Book” is my motto. I enjoy creating a fun environment for my students because learning is more than just what you read in a book. I try to build a relationship with the children and interact with them at their levels. I have been teaching Chinese as second language classes for the last 15 years. I am excited to be teaching Kindergarten class this year. With students from both Chinese speaking and non-Chinese speaking families, I will try my best to maximize my students’ potential to learn Chinese in a fun environment and to enjoy using Chinese outside classroom.
